Our Team:

For most of us, MUN is not just an extremely competitive team, but also a group of like minded peers to engage with both in and outside of the official MUN setting. In our club, we hope to facilitate an environment where all delegates not only feel welcome, but are challenged to think about how they can solve some of the most pressing issues facing the international community today. We are excited to see our members grow as thinkers, speakers, and the leaders of tomorrow, as they engage with these topics.

COMMITTEES TAB

This year, Tesoro MUN will be offering an exclusive Ukraine Crisis, along with Regular committees. More information regarding how these different committees function and what topics are being offered will be released as soon as we obtain a final headcount.

Registration is now open and more information about sign-ups can be found on the “Registration” page of our website.

ABOUT US TAB

Tesoro's Model United Nations team was founded in 2021. Since then, we have expanded our team and Tesoro MUN every year—changing history for ourselves and our high school. The purpose of the Tesoro MUN team is to encourage students to engage with contemporary issues in international relations, promote the ethos and mission of the United Nations, provide practical experience in modern multilateral diplomacy and

conflict resolution, and assert the position of the club within the Model United Nations circuit as one of the most competitive teams in the district.
